

Wednesday 18 April 2012

Cambridge IVF is proud to announce as of 1 April 2012 we are a selected provider to treat patients under the East Midlands Fertility Policy who are eligible for NHS funded treatment. This means anyone who meets the eligibility criteria set out by the East Midlands Specialised Commissioning Group can choose to come to Cambridge IVF for their treatment. You will need to have been assessed by a secondary care provider prior to being referred to the unit for tertiary assessment and treatment.
